RE: Request to Defer Collection Pending Commission Appeal

Claimant: Christopher Fowler | SSN: XXX-XX-7632

Account No.: 13-379936-2 | Claim Activity Date: 12-07-25

Overpayment Balance: \$8,358.00 (Statement Date: May 21, 2026)

Commission Appeal Confirmation No.: 12855351

Appealed Decision: Appeal Tribunal Decision No. 4061814-1-1 (May 19, 2026)

Dear TWC Benefit Overpayment Collections:

I am writing to request that the Texas Workforce Commission defer all collection activity on the above-referenced overpayment account, pending the final resolution of my currently pending Commission-level appeal.

On May 19, 2026, the TWC Appeal Tribunal issued its decision in Appeal No. 4061814-1-1, reversing the initial benefits determination and disqualifying me under Section 207.044 of the Texas Unemployment Compensation Act. On June 2, 2026, I timely filed a Commission appeal of that decision, which was assigned Confirmation No. 12855351. That appeal is currently pending.

The overpayment of \$8,358.00 reflected on the Statement of Overpaid Unemployment Benefits Account dated May 21, 2026, is a direct result of the Appeal Tribunal decision that I am now contesting at the Commission level. If the Commission reverses the Appeal Tribunal's decision and reinstates my eligibility for benefits, the overpayment obligation will be extinguished in whole or in part. Requiring payment of the full overpayment balance before my appeal is resolved would impose a significant and potentially irreversible financial hardship.

I respectfully request that TWC:

1. Place my overpayment account (No. 13-379936-2) in deferred or "pending appeal" status;
2. Suspend all collection activity, including any offset of future unemployment benefits, state or federal tax refunds, or referral to outside collection agencies, until my Commission appeal is fully resolved; and
3. Provide written confirmation that my account has been placed in deferred status and that no collection action will be taken during the pendency of the appeal.

I am not seeking to avoid repayment of any amount ultimately determined to be owed. I am asking only that collection be held in abeyance while the legal question of my eligibility is decided by the Commission.

Please direct any questions or correspondence to the address above. I can also be reached by phone at (832) 783-0800 or by email at houtx3@gmail.com.

Thank you for your attention to this matter.

Respectfully submitted,

Christopher Fowler — Signature
