Request to Increase FMLA Days - Medical Necessity

Participants:  Antony Jeganathan, MD,  KELSEY-SEYBOLD CLINIC

You 10/8/2025, 2:06 PM

I am writing to request your assistance in resubmitting my FMLA intermittent leave documentation to allow for additional days per month.

I was previously approved for up to six days of FMLA per month to attend essential medical appointments. However, with the most recent determination, this has been reduced to only two days per month. My appointments include, but are not limited to:

- Dental appointments (required more frequently than typical due to my dental condition)
- Psychiatrist appointments
- Post-operative proctologist appointments (which remain incomplete)

I am increasingly finding myself in the difficult position of having to choose between adherence at work and my health. I should note that previous absences, which were mostly for medical appointments, have led to some disciplinary actions, and I'd like to avoid that situation going forward.

I'm hoping you can help by resubmitting my FMLA request for additional days per month. This would help me stay on top of my medical care while maintaining my attendance and performance at work.

I have attached a copy of my most recent write-up from 10/6/2025 for your reference.

Thank you for your time and assistance.

Sincerely,
Christopher Fowler
